Section 2 – Project Details

2.1 Please provide a description of the background with references to relevant literature (250 words maximum):

In the age where internet is the leading source of information sharing almost 63% of the whole global population has access to internet and social media, as more people spend time in social media everyday it eventually becomes a major part of our day to day life. Every year an average of 700,000 people are recorded to die from suicide mostly in the age gaps of 15-29 years, as most of the people spend their time on social media suicidal or not gives us a glimpse of their habits and emotions through their digital footprint left on social media made by sharing or posting certain content, From Platforms such as twitter, Facebook and even WhatsApp data of the content people share can be used as a tool to understand human emotion which will enable us to prematurely detect suicidal intents in people.

2.2. Please provide a brief description and the aims of your study (250 words maximum):

This project aims to find suicidal intent of people online through sentimental analysis, not much previous research has been done on this technology with suicide detection.

2.3. Please outline the design and methodology of your study (include details of the selection and recruitment of participants (if any) and details of any invasive (e.g. blood samples, inhalation/ingestion of food and/or non-food products (in abnormally higher or lower levels than normal or a different form), or intrusive (e.g. questionnaires, focus groups, interviews, etc.) procedures [attach extra information as necessary] (400 words maximum in total):

What to do next:

- **If you have answered NO to questions 1-18 (inclusive) and YES to questions 19-25 (inclusive)**, you do not need to complete the Full Research Ethics Approval Form (Part B). Please keep this form for your records, and do not submit to **Faculty Research Ethics Committee (FREC)** unless you require ethical consideration of your study, regardless of ethical implications, by an external body (question 26 has been answered YES). **A list of Faculty contacts is below.**
- **If you have answered YES to any of the questions 1-18 (inclusive) or NO to any of the questions 19-25** the Full Research Ethics Approval Form (Part B) **MUST** be submitted including Cover Sheet, Part A and Part B of the application form plus any required supplementary documents to the Secretary of the relevant Faculty Research Ethics Committee (FREC). **A list of Faculty contacts is below.**
- If you are applying for external Ethical Approval, please send a *copy* of the Conditions/Approvals letters to the **University Research Ethics Committee (UREC)** Secretary (this may include the original ethical application(s)). Where the external ethics committee/body has equal standing or primary jurisdiction, e.g. another University Research Ethics Committee or a National Research Ethics Committee, any approval will normally be received and noted by the University of Westminster Research Ethics Committee and further consideration may not be required. Where the external committee does not have equal or higher standing than the University Committee then the full ethical approval process at the university may still be required. Additional institutional compliance issues may need consideration by UREC.
- All Applications (dated, signed and authorised) and supplementary information or External Approvals should be sent to the University Research Ethics Committee (UREC) Secretary in *electronic format with a version number, document name and date and the Principal Investigator (or Undergraduate/Postgraduate Taught Student) name*. On receipt your application will be issued a unique reference number
- All new Applications should be submitted to a Research Ethics Committee (FREC or UREC) Secretary a minimum of 10 working days in advance of the Committee meeting date (earlier submission is recommended so that applications can be pre-vetted and obvious issues addressed before the application is considered by the Committee).
